Do you have Series E Defense Bonds coming due this year?

# Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn *extra money*—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are *safer* than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

## BEFORE: The Ixora Garden Club Took Over This Unsightly Canal Rotes Hear Roberts

The site of Ixora Park in Pahokee looked a whole lot like the above scene before the Ixora Circle of the Pahokee-Canal Point Garden Club took over. An eye-sore in the heart of Pahokee, the group decided to do something about it—and they DID.

## AFTER: Today this beautiful park greets the eye of every passerby

Members of the Ixora Garden Club worked unceasingly to bring about this transformation of an eyesore into a park of beauty. The old canal was about 35 feet wide and 15 feet deep when the beautification project was started. Cooperation of Rep. B. Elliott, City of Pahokee, County Commissioner Paul Raraba and the State Road Department brought about the change. Of course, the actual work was spearheaded by members of the Ixora Circle who did actual planting in the park after the fill was put in.

Benjamin S. Roberts, who is associated with Dr. E. W. Brandes in the Canal Point Sugarcane Development Project, was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club. Introduced by Bascom A. Belcher, the speaker gave a talk of "The Position of the United States in Foreign Affairs."

The Teenage Safety Committee reported it has been approached by Pahokee High School Seniors and Juniors with the suggestion that the Rotary Club back a movement to have car driving classes included the curriculum at the local high school. It was pointed out

driving classes would complement the club's campaign to curb teenage speeding through educational means.

President Harold Rosenberg asked the Rev. W. Hal Hunter and his special safety committee to investigate thoroughly the possibilities of having such classes at the high school and report to club as soon as possible.

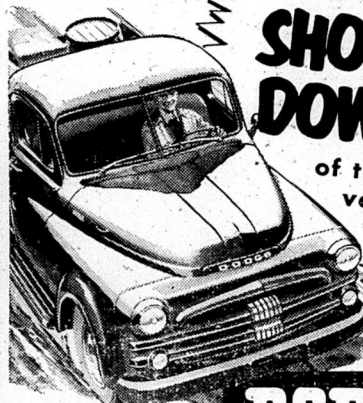

Mrs. Evie Keen had as guests the past week her sons-in-law and daughters, Mr. and Mrs. Ray Ursery and daughter, Pam, of Jacksonville and Mr. and Mrs. Buddy Fender and daughter, Dixie Lee, of Orlando and Mr. and Mrs. Dewey Padgett of Clewiston.

## Christian Science Group Of Canal Point

Subject of the Lesson-Sermon to be read in Christian Science churches next Sunday is "SOUL AND BODY." The joy and salvation resulting from relinquishing a material view of body and Soul for the spiritual concept is stressed.

One of the Psalms (103: 1) provides the Golden Text: "Bless the Lord, O my soul: and all that is within me, bless his holy name." Selections from the Bible in-

clude this verse from Isaiah (45: 22): "Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "If we look to the body for pleasure, we find pain; for Life, we find death; for Truth, we find error; for Spirit, we find its opposite, matter. Now reverse this action. Look away from the body into Truth and Love, the Principle of all happiness, harmony, and immortality" (p. 260).

## Attention Ladies!

Cakes liad up—each with a number. Judges looking, breaking off pieces, tasting. The winner? Number 4—a cake with a wonderful, glossy chocolate frosting.

This was at the Women's Club last night. Then Duke Thomas stepped up—his cake was Number 4! Seems his missus was laid up, so Duke took over—and won!

Here's Duke's prize-winning frosting recipe:

Melt 3 squares unsweetened chocolate in double boiler. Remove from heat, add 1 1/2 cups sifted confectioner's sugar and 2 1/2 tbs. hot water and blend. Add 3 egg yolks, one at a time, beating well after each. Add

the butter, beating thoroughly after each. Fill and frost 8-inch, 1-layer cake.

From where I sit, we all have different abilities and tastes... and these differences are sometimes surprising. Duke bakes prize-winning cakes. My wife, for example, can beat most any man at checkers. Same when it comes to beverages—you may like coffee or tea while I prefer a refreshing glass of beer. But let's not have any "half-baked" ideas that people are all the same—or should be.

James A. Ball, 21-year-old Florida State University senior from Belle Glade, withdrew last week as an unpledged candidate for Delegate to the National Democratic Convention from the Sixth Congressional District.

His statement: "As an unpledged candidate for delegate, I have carefully examined the platforms and qualifications of all the Presidential candidates. It is clear that there is one man who stands far above all others. This man is Richard B. Russell. He is a man of unquestioned integrity and of proven ability and stature. He is not only

a Southerner but a statesman of national standing, and is deserving of support by all sections of the country. Florida is being given an opportunity to provide a united front in the best interest of the Democratic Party and our nation.

"I am withdrawing my name in order that there be no split on the ballot among delegates favoring Russell. In withdrawing, I strongly urge support of the Russell designated candidate for delegate in this district, C. Y. Byrd."

Mrs. Vernette S. Bacon of Franklin, N. C., and son, Ronnie, student at Georgia Military College, Milledgeville, are guests of her mother, Mrs. L. L. Stuckey, while spending this week here on business.
